## **Problemy Eksploatacji – Maintenance Problems**

### **Scientific quarterly of the Institute for Sustainable Technologies**

### **– National Research Institute (ITeE – PIB)**

Information about articles printed in the Journal can be found in the following three renowned databases:

- Index Copernicus – the international specialized platform promoting scientific achievements, and supporting national and international collaboration between scientists, publishers of scientific journals and R&D units;
- BazTech – bibliographic and abstract database about Polish technical journals, in which articles from selected Polish journals in the field of technical sciences and environmental protection are stored;
- TEMA (Technology and Management) WTI-Frankfurt eG, Frankfurt am Main.

Articles are reviewed by reviewers constantly cooperating with the Journal. The list of them is presented on the website of the Journal:

#### **EDITORS**

Editor-in-chief – Prof. Adam MAZURKIEWICZ

Deputy editor – Marian GRĄDKOWSKI, PhD

Secretary – Beata BELINA, PhD

#### **Thematic editors:**

- Prof. Tomasz Giesko – mechatronic and optomechatronic systems, optomechatronic measurement methods;
- Joanna Łabędzka, PhD – knowledge transformation systems, IT platforms, technology transfer, foresight;
- Andrzej Majcher, PhD – control systems, metrology;
- Marian Grądkowski, PhD – biotechnologies, ecology, operational fluids management;
- Beata Poteralska, PhD – innovations, technology transfer, foresight;
- Prof. Jerzy Smolik – surface engineering, hybrid technologies, materials test methods;
- Andrzej Zbrowski, PhD – basis for the design and construction of machines, operational and standardization tests
